EXECUTIVE OBJECTIVE & PROFESSIONAL PROFILE

Core Executive Mission: I'm an entrepreneur and hands-on digital marketer leading a dedicated team that helps businesses grow online through SEO, web development, Shopify and e-commerce, social media, Meta advertising, email marketing, AI agents, CRM solutions, custom software, and workflow automation.

Muhammad Daud Ali Lashari (known professionally as **Daud Lashari**) is a technology entrepreneur, full-stack software developer, and growth executive based in **Lahore, Pakistan**. He is the Founder & CEO of **Zepra Tech**, an international digital agency headquartered in **Broadway Commercial, DHA Phase 8, Lahore**, with a corporate operational presence in **Middletown, Delaware, USA**. Concurrently pursuing his Bachelor of Science in Computer Science (BSCS) at Lahore Garrison University (LGU), Daud combines deep computational problem-solving with hands-on venture execution.

His career spans building high-converting e-commerce and full-stack web applications, executing corporate sales and telecommunications operations for technology providers, and securing high-value B2B appointments across international markets. With verified expertise across search engine optimization, paid advertising, custom software engineering, and AI automation, he focuses on delivering measurable revenue growth, high client retention, and robust digital platforms.
